6 engagement flags • 6 exam sittings
⚡ NCLEX / Licensure Readiness — Audit ↗

What's driving the priorities

View linked records →

8 students are approaching the 14-day LDA administrative drop window

Time-sensitive

Learning (LMS IQ) — 8 inactive 10–13d → Registrar — Verify official LDA → Financial Aid — 12 R2T4 reviews ($64k)

LMS activity flags prompt attendance verification • Official LDA governs 14-day drop & R2T4

Sources & rationale ↗

Transcript, credit-hour & completion holds are delaying starts, aid & licensure

Confirmed in records

Admissions — 9 transcript holds → Registrar — $173.8k hours & SAP → Placement / Exams — 6 pending exam sittings

Clearing credit hours releases held Financial Aid • Completion review unlocks exam sitting

Evidence & limitations ↗

Recommended actions

01 Confirm LDA for 8 priority students (10–13d)
Registrar + Learning • Before 14-day drop cliff
Open LDA verification →

02 Validate credit hours & SAP ($243.3k aid)
Registrar + Financial Aid • Before disbursement
Open hours & SAP queue →

03 Clear 9 transcript & 6 exam sitting holds
Registrar + Admissions + Placement • This week
Review clearance queue →

Past actions & results

View history →

Day-10 LDA verification workflow Observed pattern
Coordinated LMS IQ + Registrar check prevented 14 administrative drops last term — Evidence →

Mid-point clock-hour & SAP batch clearance Previous action
Released $192k in held Title IV disbursements within 48h of census check — History →
